

Variation II Sun Mounting Template by Wood That Works

Directions for using this template:

1. Start at the location for the top hole # 1 on the diagram.
2. Use a level or a weighted string to determine a true vertical line descending from that point.
3. Measure vertically down that line to point #2 at $9 \frac{5}{8}$ ". Temporarily mark this spot.
4. Measure down the same vertical line from point #1 to point #3 at $19 \frac{7}{8}$ " again temporarily marking this spot.
5. Use a level or a square to establish a horizontal line for the following.
6. Measure from point #1 to point #4 to the right - $6 \frac{1}{8}$ ".
7. From point #2 measure horizontally to the left $17 \frac{13}{16}$ " marking that point #5.
8. From point #3 measure horizontally to the right $7 \frac{5}{16}$ " to point #6.
9. Temporarily install the sculpture using two points for the top base (points # 1 and #4) and 2 points for the bottom base (points #5 and #6,).
10. Mark the other mounting holes with the sculpture in place.
11. Remove the sculpture. Install the appropriate anchors and permanently remount the sculpture on the wall.
